Investireti.it in the Indian Telephone Industry

900 SHRI SOMAPPA R. BOMMAI: Will the Minister of COMMUNICATIONS *he* pleased to state:

I (a) what is the total investment in the Indian Telephone Industry in the country;

! (b) what is the employment of officers, i technicians and workers category-wise in the Indian Telephone Industry;

(c) what is total capacity of the Indian Telephone .industry and what is its actual utilisatio s.ating the reasons for shortfall ! in the utilisation of its full capacity; and

I (d) whether there is any retrenchment i in the ITI, if so, what are the details there-i Of?

THE MINISTER OF STATE OF THE MINISTRY OF COMMUNICATIONS (SHRI SUKH RAM): (a) The gross block . of he ITI Ltd. is Rs. 628.98 crores, as on! 31-3-1994.

J (b) There are 6147 officers and 22267 non-officers in ITI Ltd. as at the end of June, 1994.

(c) The capacity is defined in terms of limshed products but in Telecom sector changes in product mix, technology, level of integration, the stages of the product life cycle etc. very commonly influence the c.puci.y of the projects. It is, therefore, difficult to arrive at tile exact capacity for ! various products of the Company. Overall, till last year there has been no under utilisation of capacities but during the cartenit your mainly due: to competition, ITI Ltd. in 4 of its units *viz* Rae Bareli, Naini, Electronic City Unit and Banfalore is finding it difficult to get sufficient orders However, 30 per ceni of total requireme-i:; of equipments manufactured by our own , Public Sector Units has been assumed for ensuring proper utilization of their capacities.

(d) There has been no retrenchment in ITI Ltd.

Losses to TIT for lack of orders

901. SHRI SOMAPPA R. BOMMAI: Will the Minister of COMMUNICATIONS be pleased to state:

(a) whether it is a fact that the capa-city in the Indian Telephone Industry in

the country is grossly under utilised for lack of orders;

(b) if so, the percentage of uDderutilisation of the ITI capacity;

(c) the estimated annual loss being suffered, by ITI as a result thereof- and

(d) what are the reasons for lack of orders and what steps are contemplated by Government in this regard ?

THE MINISTER OF STATE OF THE MINISTRY OF COMMUNICATIONS (SHRI SUKH RAM): (a) and (b) The capacity is defined in terms of finished products but in telecom sector changes in product mix, technology., have of integration, the stages of the product life cycle etc. very commonly influence the capacity of the project. It is, therefore, difficult to arrive at the *cract* capacity for various products of the Company. Overall, till last year there has been no under utilisation of capacities but during the current year, mainly due to competi-ion, ITI Ltd. in 4 of its units viz. Rae Bareli, Naini, Electronic City Unit and Bangalore is finding it difficult to get sufH-I'ient orders.

(c) ITI Ltd. has been making profits and efforts are on to ensure \o avoid any losses.

(d) The main reason tor difficulties in getting sufficient orders in the environment of competition. With a view to remain a profit making Company as also to utilise its infrastructure optimally, apart from ungradation of technologies, improving quality to international standards, adopting various cost reduction measures and diversifying the activities to networks, value added services and operating the telecom services, the Ministry has taken a policy decision that the procurement ot 30 per cent equipments out of the total requirement by DOT would be earmarked for our own USUs without any concession in respect of price, quality or supply schedule.
